August 27, 2008

John M. Keller, P.E.
Supervising Engineer
New Jersey Turnpike Authority
Administration Building
581 Main Street
P.O. Box 5042
Woodbridge, NJ 07095

Dear Mr. Keller:

Thank you for the August 25, 2008 presentation and accompanying discussion of the Turnpike Authority's proposals to address the residential and Green Acres impacts of the intended widening through Bordentown Township. In the course of the dialogue among the Turnpike Authority's representatives, Committeemen, and the many residents and other interested or affected individuals in attendance at the August 25, 2008 public session of the Township Committee, it became apparent that the Turnpike Authority proposals were not fully responsive to the expressed concerns of the public or the elected officials present.

Although you were not authorized to extend commitments beyond those already presented on behalf of the Turnpike Authority that might prove responsive to public or official concerns, in the interest of moving the dialogue further, you offered to request that a subsequent discussion occur among Committee representation, yourself and Turnpike Authority representation adequate to respond to the expressed concerns of the public and its elected officials. Your offer was accepted by the Township Committee. Deputy Mayor Hill, who presided, suggested that a special public session meeting of the Township Committee be held after the discussion among Committee representation, yourself and the additional Turnpike Authority representation appropriate to the pending decisions.

The Committee awaits the fulfillment of your offer. Please advise of arrangements obtained at your earliest convenience. Please advise of any clarification or assistance required.

Sincerely,

LEONARD M. KLEPNER
Administrator
